

**F C Bb**

I come before you

**Gm F C**

With a desire Lord for more

**F C Bb**

With a will that wants me holy

**F C F**

But a body that's so poor

**F C Bb**  
To change into your image

**Gm F C**

To be holier each day

**F C Bb**  
The strength to remain thirsty

**F C F**  
And the courage to prevail

**C F C Bb**  
I want to be holy just as you are holy

**F C E**  
Help me die to my own will (x2)

With all my heart I pray Lord  
Do whatever it takes  
To strip away my weakness  
And help me find your grace

**F**  
Make me holy

**Bb**  
Make me holy

**F**  
Make me holy

**C**  
Like You (repeat)
